**Petition to Compel Discovery;

Notice--Affidavit For Criminal Conspiracy**

I, **James-Dean: Michael**, sui juris, Petitioner, a living **man** of God, a national, come to give **Notice For The Record Of Truth, All Communication Must Be In Writing** of necessity, since I absolutely do not understand the legalese spoken, written, and used by agents in proceedings of the court system. The deception in the language barrier between me as a living soul/man and the court system agents operating with legalese in the courts are using a fictional corpse person through the DEAD corporate entities, then "PERSONATE" the **man** as if a fictional ens legis PERSON/SUBJECT to assume jurisdiction, which has caused much fraud and confusion for and on the Record. Thereby compelling one to unconstitutionally acknowledge and participate in the religion of the DEAD-CORPORATE system. More than 12 affirmed/sworn Affidavits of fact and truth are of record that remain unanswered (an un rebutted Affidavit stands as truth in commerce) for the record. The PARTIES in the cases at issue here appear to be legal fictions evidenced in writing and spoken by agents and/or Attorneys; as fictions do not carry the breath of life, therefore speaking in legalese through agents speaking for the fictional entities is incomprehensible, in which I have no understanding, and find that legalese language impossible to comprehend due to deception, concealment, and trickery. Therefore, I demand to resolve this matter by communicating in writing only through affirmed/sworn statements of fact and truth of

and for the record. My intent is establish the truth and correct the intentional deception, false accusations and statements made by agents who induce false pretenses to defraud the victim and pass title of intellectual property to the wrongdoer.

Whereas, I here again Petition this Court to Compel Discovery for information requested, that the facts and truth will be a matter of record in compliance with constitutional mandated due process of law according to your Oath of Honor in Trust; in which your Oath to the Constitution(s) I accept as a quid-pro-quo contract with the People in Honor for the record by operation of law. The required information must be discovered and revealed in the record, as required within the timeframe allowed on Right to Know-FOIA. The practice of “**Unfair Deceptive Acts and Practices**” (UDAAPs) are not acceptable in the world of the living and cannot recognize legal fictions as real. A CORPORATE ens legis dead PERSON cannot interact or speak to a living **man** using legalese except through trickery, concealment, and deception, and would be considered hearsay. Therefore, all communication must be in writing from this point forward and placed into the record available for inspection. **Also see the attached documents again for the record: Petition to Compel Discovery for Discover Records, NOTICE FOR REQUEST FOR DISCOVERY RECORDS, Amicus Curiae Brief in Support; also Petitioner gives this court Notice—by Affidavit for Criminal Conspiracy, 18 USC 241 & 242.**

Evidence in the matters associated to and contained herein above fall into the category of constructive fraud, fraudulent conveyance, fraudulent concealment, fraudulent representation and/or intent, fraud in the inducement containing intrinsic and extrinsic fraud, fraud in the factum, fraud in fact and in law, fraud on the Court acting under color of law considered legal or positive fraud, also considered larceny by fraud and deception. Fraud vitiates/invalidates all contracts or presumed contracts. All People have a Right to property and property in Rights, in which no man has authority to defraud another from **his** property. Theft by deception is still theft!!!

I, **James-Dean: Michael**, hereby affirm under the penalty of perjury of the United States of America that the foregoing is true, correct and certain to the best of my research, knowledge, and belief. [28 USC 1746(1)]
