

MOONSIGN DATES 2025

CENTRAL STANDARD TIME

Roughly speaking, those things which bear their crops above the ground should be planted in a favorable sign when the moon is increasing, known as the Light of the Moon. Those things which bear their crops below the surface of the ground should be planted in a favorable sign when the moon is decreasing, known as the Dark of the Moon.

Below are the best dates we've determined to perform a number of activities using the Llewellyn's 2025 Moon Sign Book. Choose the date that is best for your weather conditions.
