

HISTORICAL QUOTES AGAINST SECRECY

When you awaken to the truth, you realize that everything has been a lie. Friends, family, and foes alike have been gaslighting and gang-stalking you since birth. The more awake you become, the more they attack—I call them saboteurs.

*There is nowhere to run or hide, for most people are caught up in the occult, and wherever you go, there **THEY** are. To survive, you insulate yourself from society—not out of fear, but out of disgust. For truly, good has nothing in common with evil.*

And when I say evil, I mean evil beyond your wildest imagination. They will stop at nothing to sabotage you, steal from you, ruin you, slander you, and ultimately seek to “86” you. It is not that they hate you—they hate themselves. A person like you simply holds up a magnifying glass and a mirror, exposing what they cannot bear to see.

It is happening. The awakening is happening. But nobody said it would be easy. Many great men have spoken of the clandestine cabal, and many weak men have ignored them. Throughout history, men and women have warned us about this hidden cabal. Their words, scattered across time, reveal the same truth

*"I awoke, only to find the rest of the world is still asleep" - **Leonardo Da Vinci***

*"You can't wake a person pretending to sleep" - **Navajo Proverb***

*"How do you expose a conspiracy that everyone is part of?" - **STG22***

*"The Matrix is everywhere. It is all around us. Even now, in this very room. You can see it when you look out your window, or when you turn on your television. You can feel it when you go to work, when you go to church, when you pay your taxes. It is the world that has been pulled over your eyes to blind you from the truth. You are a slave Neo. Like everyone else you were born into bondage, born into a prison that you cannot smell or taste or touch. A prison for your mind." - **MORPHEUS=43=7=G=911 {43=59}***

"Some of the biggest men in the U.S. in the fields of commerce and manufacturing know that there is a power so organized, so subtle, so complete, so pervasive that they had better not speak above their breath when they speak in condemnation of it."

President Woodrow Wilson

"For we are opposed around the world by a monolithic and ruthless conspiracy that relies primarily on covert means for expanding its sphere of influence. On infiltration instead of invasion, on subversion instead of elections, on intimidation instead of free choice, on guerrillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly knit, highly efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations. Its preparations are concealed, not published. Its mistakes are buried not headlined. Its dissenters are silenced, not praised. No expenditure is questioned, no rumor is printed, no secret is revealed. "

John F. Kennedy - April 27th, 1961, speech to the U. S. Press Corps

"The individual is handicapped by coming face to face with a conspiracy so monstrous he cannot believe it exists. The American mind simply has not come to a realization of the evil which has been introduced into our midst. It rejects even the assumption that human creatures could espouse a philosophy which ultimately must destroy all that is good and decent."

FBI director J. Edgar Hoover - 1956 ELKS=5321=11 aka 911 Magazine.

"We'll know our disinformation campaign is complete when everything the American public believes is false" - William J Casey - CIA Director

"You can get no help because your story sounds so paranoid that you are thought a crank, one of those nuts who think the whole world is a conspiracy against them. It is a strange phenomenon. By setting up a situation that most people will think of as fantasy, these people can poison every part of a person's life. If they give in they go under. If they don't give in its only putting off the day because if they fight, so much unhappiness will be brought to the people around them that there will likely come a time when even their families turn against them out of desperation. When that happens and they are without friends wherever they look, they become easy meat. The newspapers will not touch them. There is no defense against an evil which only the victims and perpetrators know exist."

Stephen Knight - 1984 Interview author of "The Brotherhood"

"One of the saddest lessons of history is this: If we have been bamboozled long enough, we tend to reject any evidence of the bamboozle. We're no longer interested in finding out the Truth. The bamboozle has captured us. It's simple too painful to acknowledge, even to ourselves, that we've been taken. Once you give a CHARLATAN=33' power over you, you almost never get it back." - Carl Segal

"By means of ever more effective methods of mind-manipulation, the democracies will change their nature; the quaint old forms... elections, parliaments, Supreme Courts and all the rest will remain. The underlying substance will be a new kind of totalitarianism. All the traditional names, all the hallowed slogans will remain exactly what they were in the good old days. Democracy and freedom will be the theme of every broadcast and editorial. Meanwhile the ruling oligarchy and its highly trained elite soldiers, policemen, thought-manufacturers, and mind manipulators will quietly run the show as they see fit" - Aldous Huxley

"Society everywhere is in conspiracy against every one of its members"- Emerson

"In individuals, insanity is rare. But in groups, parties, nations and epochs it is the rule."
Friedrich Nietzsche

"Before you diagnose yourself with depression or low self-esteem, first make sure that you are not, in fact, just surrounded by (occult) assholes" - Sigmund Freud

"Those who are able to see beyond the shadows and lies of their culture will never be understood, let alone believed, by the masses." - Plato

*"The conscious and intelligent manipulation of the organized habits and opinions of the masses is an important element in democratic society. Those who manipulate this unseen mechanism of society **constitute and invisible government** which is the true ruling power of our country. We are governed, our minds are molded, our tastes formed, our ideas suggested, largely by men we have never hear of."*

Edward Bernays "Propaganda" 1928

"Exposure to true information does not matter anymore. A person who was demoralized is unable to assess true information. The facts tell nothing to him, even if I shower him with information, with authentic proof, with documents and pictures... he will refuse to believe it... That's the tragedy of the situation of demoralization."

Yuri Bezmenov a Russian Communist Defector & KGB=272=11 aka 911.

"The most dangerous man, to any government, is the man who is able to think things out for himself... Almost inevitably, he comes to the conclusion that the government he lives under is dishonest, insane and intolerable" - H.L Mencken

"If a person gave your body to some passerby, you'd be furious. Yet you hand over your mind to anyone who comes along, so they may abuse you, leaving you disturbed and troubled. Have you no shame in that?" - Epictetus

"The price of apathy toward public affairs is to be ruled by evil men." - Plato

"It should be a crime to cower from controversy." - Seneca

"The Secret Covenant" - John D. Rockefeller

"An illusion it will be, so large, so vast it will escape their perception. Those who will see it will be thought of as insane. We will separate fronts to prevent them from seeing the connection between us. We will behave as if we are not connected to keep the illusion alive. Our goal will be accomplished one drop at a time so as to never bring suspicion upon ourselves. This will also prevent them from seeing the changes as they occur. We will always stand above the relative field of their experience for we know the secrets of the absolute. We will work together always and remain bound by blood and secrecy. Death will come to him who speaks."

"We will keep their lives short and their minds weak while pretending to do the opposite. We will use our knowledge of science and technology in subtle ways so that they never see what is happening. We will use soft metals, aging accelerators and sedatives in food and water as well as in the air. They will be blanketed in poisons everywhere they turn. The soft metals will cause them to lose their minds. We will promise to find a cure from our many funds, and yet we will feed them more poison. These poisons will be absorbed through the skin and mouths, they will destroy their minds and reproductive systems. From all this, their children will be born dead, and we will conceal this information. The poisons will be hidden in everything that surrounds them, in what they drink, eat, breathe and wear."

We must be ingenious in dispensing the poisons for they can see far. We will teach them that the poisons are good, with fun images and musical tones. Those they look up to will help. We will enlist them to push the poisons. They will see our products being used in film and will grow accustomed to them and will never know their true effect. When they give birth, we will inject poisons into the blood of their children and convince them it's for their health. We will start early on, when their minds are young, we will target their children with what children love most sweet things. When their teeth decay, we will fill them with metals that will kill their mind and steal their future. When their ability to learn has been affected, we will create medicine that will make them sicker and cause other diseases for which we will create yet more medicine."

"We will render them docile and weak before us by our power. They will grow depressed, slow, and obese, and when they come to us for help, we will give them more poison. We will focus their attention toward money and material goods so they may never connect with their inner self. We will distract them with fornication, external pleasures, and games so they may never be one with the oneness of it all. Their minds will belong to us, and they will do as we say. If they refuse we shall find ways to implement mind-altering technology into their lives."

"We will use fear as our weapon. We will establish their governments and establish opposites within. We will own both sides. We will always hide our objective but carry out our plan. They will perform the labor for us, and we shall prosper from their toil. Our families will never mix with theirs. Our blood must be pure always, for it is the way. We will make them kill each other when it suits us."

"We will keep them separated from the oneness by dogma and religion. We will control all aspects of their lives and tell them what to think and how. We will guide them kindly and gently letting them think they are guiding themselves. We will foment animosity between them through our factions."

"When a light shall shine among them, we shall extinguish it by ridicule, or death, whichever suits us best. We will make them rip each other's hearts apart and kill their own children. We will accomplish this by using hate as our ally, anger as our friend. The hate will blind them totally, and never shall they see that from their conflicts we emerge as their ruler. They will be busy killing each other. They will bathe in their own blood and kill their neighbors for as long as we see fit. We will benefit greatly from this, for they will not see us, for they cannot see us. We will continue to prosper from their wars and their deaths."

"We shall repeat this over and over until our ultimate goal is accomplished. We will continue to make them live in fear and anger through images and sounds. We will use all the tools we have to accomplish this. The tools will be provided by their labor. We will make them hate themselves and their neighbors. We will always hide the divine truth from them, that we are all one. This they must never know. They must never know that a man's color is an illusion; they must always think they are not equal. Drop by drop we will advance our goal."

"We will take over their land, resources, and wealth to exercise total control over them. We will deceive them into accepting laws that will steal the little freedom they will have. We will establish a money system that will imprison them forever, keeping them and their children in debt." - **John D. Rockefeller's "Masonic Creed"**

“The governments of the present day have to deal not merely with other governments, with emperors, kings and ministers, but also with the secret societies which have everywhere their unscrupulous agents, and can at the last moment upset all the governments' plans. It is useless to deny, and impossible to conceal, that a great part of Europe ... is covered with a network of these secret societies... just as the superficies of the Earth are being covered with railroads. The world is governed by very different personages from what is imagined by those who are not behind the scenes.”

Benjamin Disraeli (former British PM)

“Those who can make you believe absurdities can make you commit atrocities.” -

Voltaire

“The smart way to keep people passive and obedient is to strictly limit the spectrum of acceptable opinion, but allow very lively debate within that spectrum.” -

Noam Chomsky

“I believe that banking institutions are more dangerous to our liberties than standing armies.” -

Thomas Jefferson

Henry Kissinger

“The way to love anything is to realize that it might be lost. The way to enslave a people is to keep them from questioning.” -

G.K. Chesterton

“The simple step of a courageous individual is not to take part in the lie. One word of truth outweighs the world.” -

Aleksandr Solzhenitsyn

"When you see that in order to produce, you need to obtain permission for men who produce nothing. When you see, that money is flowing to those who deal not in goods but in favors. When you see that men get richer by graft and by pull than by work, and your laws don't protect you against them, but them against you. When you see corruption being rewarded and honest becoming a self-sacrifice. You may know that your society is doomed -

Any Rand - "Atlas Shrugged" - 1957

Bob Marley

"Strange times are these in which we live when old and young are taught falsehoods in school. And the person that dares tell the truth is called at once a lunatic and a fool"

Plato

"A man who lies to himself, and believes his own lies becomes unable to recognize Truth, either in himself or in anyone else, and he ends up losing respect for himself and for others. When he has no respect for anyone, he can no longer Love, and, in order to divert himself, having no Love in him, he yields to his impulses, indulges in the lowest forms of pleasure, and behaves in the end like an animal. And it all comes from lying - lying to others and to yourself." - **Fyodor Dostoesvsky**

*"The further a society drifts from the truth, the more it will hate those that speak it." In a time of deceit, telling the truth itself becomes a revolutionary act, for those who control the past control the future, and those who control the present control the past. Political language is crafted to make lies sound truthful, murder respectable, and pure emptiness appear solid, while paradoxes like war is peace, freedom is slavery, ignorance is strength train minds to accept the impossible. Power, as Orwell warned, lies in tearing human minds to pieces and reshaping them in forms of the oppressor's choosing, for the Party seeks power for its own sake—pure power, nothing more. Yet until people become conscious they will never rebel, and until after they have rebelled they cannot become conscious, caught in a cycle of manipulation so deep that even secrets must be hidden from oneself. **George Orwell** - "1984"=22 {22=39/E9=59} 22=44=GENOCIDE*

"I do conscientiously and sincerely believe that the Order of Freemasonry, if not the greatest, is one of the greatest moral and political evils... It pervades our institutions, controls the administration of justice, and is in my opinion a deep and wide-spread evil in this country." -**John Quincy Adams** - (*Letters on Freemasonry*, 1833)

"The strength of a person's spirit would then be measured by how much "Truth" he could tolerate, or more precisely, to what extent he needs to have it diluted, disguised, sweetened, muted, falsified." - **Friedrich Nietzsche**

"Never be afraid to raise your voice for honesty, truth and compassion against injustice, lying and greed. If people all over the world did this, it would change the Earth."
William Faulkner

*We know when we understand that **mighty God is the living man**. You can fool some people sometimes, but you can fool all the people all the time. So now we see the light, you got to stand up for your rights." - **Bob Marley***

*"I freed a thousand slaves. I could have freed a thousand more if only they knew they were slaves." - **Harriet Tubman***
